

CAREER OPPORTUNITY

HEALTH & SAFETY ADVISOR

GROUPE PICHÉ

Job Summary

The Health and Safety Advisor main responsibility is to monitor, educate and enforce the safety standards required by the laws and regulations and Company policy. Among others tasks he will:

- Promote, educate and train staff on our Health and Safety program and ensure understanding, adherence and commitment to a safe work environment.
- Ensure compliance with safety legislation, safety policies and practices. Ensure they are adopted and adhered to.
- Conduct construction site visits, participate or coordinate various safety meetings (tool box, etc.), work surveillance, job safety analysis.
- Assess protective equipment needs, ensure personal equipment availability.
- Perform or ensure that various tools, equipment's inspections are done (lift, harness, etc.).
- Investigate any accident or serious incident and issue a report.
- Manage claims to reduce lost time by applying an effective return-to-work program.
- Record all performed activities related to health and safety.
- Follow the occupational health & safety performance indicators.
- Compile statistics and report them monthly.
- Record all inspections reports, all the information pertaining to accidents, incidents, fires, occupational diseases.
- Record certifications, training and all health and safety related activities.
- Maintain all certification, COR related requirements, in every province where Groupe Piché is located.
- Meet Audit requirements.
- Etc.

We value teamwork, quality, professionalism and respect. We are looking for a candidate with similar values, enthusiastic and determined to succeed in a rapidly changing environment.

Qualifications

- Post-secondary diploma in OH&S
- 3 to 5 years related experience (commercial construction).
- Related certifications or willingness to obtain them (asset).
- Knowledge of OH&S Canadian legislation and regulations.
- Ability to maintain and develop positive working relationships.
- Exceptional safety awareness.
- Strong communication and organizational skills, proven leadership
- Bilingualism (French, English).
- Proficiency with Word and Excel.
- Ability to train and issue safety cards (scissor lift, fall arrest, WHMIS, etc).
- Class 5 licence.
- Must be willing to travel (Ontario, Alberta, Québec).

Full time position. Different range of benefits. Promotion of physical activity. Training. A dynamic environment where everyone is valued and an integral part of the team.
