

## Join our team

### Estimator Calgary

### Responsibilities

- Understanding the challenges on a construction project site.
- Monitoring opportunities and invitations to tender in coordination with other group activities.
- Preparing quantity take-offs and detailed estimates.
- Ensuring completion of detailed cost estimates by assigning accurate costs of all items (labour, equipment and materials, etc.).
- Establishing throughout the bid process that costs are in line with client expectations.
- Completing entire bids, from first contact to completion of tender.
- Attending tender openings, site visits and following up on bids through award.
- Evaluating the position of our offer, cultivating and maintaining positive relationships with the general contractor, sub-contractors, architects and consultants.

### Requirements

*We value teamwork, quality, professionalism and respect. We are looking for a candidate with similar values, enthusiastic and determined to succeed in a rapidly changing environment.*

- Post high school technical degree or diploma in a related field.
- 2 to 4 years of estimating experience (wall and ceiling systems experience an asset).
- Highly organized with exceptional communication skills.
- Comfortable with estimating software (e.g. Quick Bid, Take off).
- Comfortable with MS Office suite (e.g. Outlook, Excel).
- High attention to detail.
- Bilingual (English/French) an asset.

**When you join Groupe Piché, you join a leading company in the Canadian construction industry.**

### About Groupe Piché

*More than just construction contractors: we are leaders in the wall and ceiling industry, throughout Canada. We realize small and large-scale projects using both the expertise of our workforce and building relationships. Groupe Piché is also a family endeavour where all our employees are mobilized to achieve the most challenging goals, considering both the deadlines and expectations of our clients.*
